Members ...\$25 Guests ...\$27 Students ...\$15

(New and recently transferred-in members free)

Reservations appreciated – call Peter Indrigo (631-589-6666)

Directions to Pollo Rico Latin Bistro

Pollo Rico is located at 2435 Middle Country Road (Rte. 25), Centereach. Probably the simplest way to get there from the LIE is to take Exit 62 (Nicolls Road) and go north on CR 97 (towards Stony Brook). Continue north for about 3 miles then take the exit to Rte. 25. At the traffic signals at the end of the ramp go left and head west (Smithtown). The restaurant will appear after about 1.5 miles, on the right side of the highway. Their telephone number is 631-471-0585. Their website is: <http://www.polloricolatinbistro.com/>

The Topic

XSB is working with the US Department of Defense, Major OEMs and prominent Standards Development Organizations to develop the Industrial Semantic Web. The Semantic Web is often described as a 'Smart' Web or a Web of concepts. The *Industrial* Semantic Web links the characteristics of parts, materials, and processes. This linked data dramatically reduces engineering time-to-knowledge and provides significant configuration management opportunities. Mr. Hopkins will describe the framework behind this Web and illustrate practical applications of the Semantic Web for industrial parts and material management.

The Speaker

Rupert Hopkins is President of XSB, Inc. XSB is a Long Island based software company that provides a robust, patented combination of technologies for organizing and standardizing legacy data and enriching it with data harvested from the Web. This provides transparency across the enterprise and its Web of customers and suppliers. Mr. Hopkins is responsible for guiding the company's strategic vision and business strategy, ensuring that XSB continues to meet the needs of its customers while driving technology innovation. Rupert is internationally known for his work in commercialization of defense technologies and industrial productivity.

He has served as an adviser to the U.S. Secretary of Defense Office of Economic Adjustment, the Defense Standardization Program Office, the Council on Foreign Relations, the Soros Foundation and others. He is also the former Long Island Regional Director of Economic Development for New York State.
